RELEVANT SKILLS:

- React.js, Next.js, JavaScript, TypeScript, Material UI, HTML, CSS, Tailwind CSS, Bootstrap, Redux, Redux Toolkit, Node.js, Express.js
- MongoDB, RDBMS, Firebase
- JIRA, Storybook, Git, GitHub, RESTful APIs, Netlify, Heroku, Postman

PROFESSIONAL EXPERIENCE:

Frontend Developer

Craxinno Technologies Pvt Ltd — August 2023 to Present

- Developed **20+ client and in-house web apps/products** using **React.js**, **Next.js**, **TypeScript**, and **Tailwind CSS**, focusing on **responsive UIs** and **modular architecture**.
- **Collaborated closely with backend teams** to integrate REST APIs, manage **authentication flows**, and ensure **error-free data handling** in dynamic web environments.
- Engaged in **client interactions** (UK, US, UAE) to gather UI/UX requirements, conduct **demos**, and iterate based on **live feedback**, improving delivery quality.
- Led the frontend for key projects like **Rently**, **PowerAMS**, **CT Editor**, **TuTechy** and **JobX**, implementing **dashboard interfaces**, **conditional rendering**, and **reusable components**.
- Contributed to **Agile workflows**, participated in **daily standups** and **sprint planning**, and handled deployments via **Vercel**, **Netlify**, and **custom CI/CD** pipelines.
- Integrated AI tools like **GitHub Copilot & Claude** to enhance coding workflow and productivity.

SDE Intern

Elamigo — Dec 2022 to Feb 2023

- **Collaborated** with senior developers to fix **frontend issues** across multiple pages, improving **load speed** and **layout consistency**.
- Participated in **code reviews** and contributed **UI improvements** based on **accessibility** and **performance benchmarks**.
- Assisted in **refactoring React components** and debugging **state management** issues to enhance **code maintainability**.

PROJECTS:

StudyNotion ([link](#))

- **Developed a full-featured EdTech platform** with role-based dashboards for students and instructors, offering course browsing, checkout, video-based learning, and course management.
- Set up the **backend architecture** with **Node.js**, **Express.js**, and **MongoDB**, implementing key features like authentication, payment integration (Razorpay), and media management via Cloudinary.
- Integrated **RESTful APIs** and handled **state management**, form validations, and role-based routing to ensure a smooth and interactive learning experience.

EDUCATION:

Meerut Institute of Technology, UP
Bachelors in Computer Applications   *(2020 - 2023)*

CERTIFICATIONS:

- Meta Frontend Developer Certificate – Coursera
- Responsive Web Design – Free Code Camp
- Web Development Bootcamp – CodeHelp
